1902(k) of the Act	<p>2. Medicaid Qualifying Trusts</p> <p>In the case of a Medicaid qualifying trust described in section 1902(k)(2) of the Act, the amount from the trust that is deemed available to the individual who established the trust (or whose spouse established the trust) is the maximum amount that the trustee(s) is permitted under the trust to distribute to the individual. This amount is deemed available to the individual, whether or not the distribution is actually made. This provision does not apply to any trust or initial trust decree established before April 7, 1986, solely for the benefit of a mentally retarded individual who resides in an intermediate care facility for the mentally retarded.</p> <p><u>/X/</u> The agency does not count the funds in a trust as described above in any instance where the State determines that it would work an undue hardship. <u>Supplement 10 of ATTACHMENT 2.6-A</u> specifies what constitutes an undue hardship.</p>
1902(a)(10) of the Act	<p>3. Medically needy income levels (MNILs) are based on family size.</p> <p><u>Supplement 1 to ATTACHMENT 2.6-A</u> specifies the MNILs for all covered medically needy groups. If the agency chooses more restrictive levels under section 1902(f) of the Act, <u>Supplement 1</u> so indicates.</p>

5. Methods for Determining Resources

a. AFDC-related individuals (except for poverty level related pregnant women, infants, and children).

(1) In determining countable resources for AFDC-related individuals, the following methods are used:

(a) The methods under the State's approved AFDC plan; and

/X/ (b) The methods under the State's approved AFDC plan and/or any more liberal methods described in Supplement 8b to ATTACHMENT 2.6-A.

(2) In determining relative financial responsibility, the agency considers only the resources of spouses living in the same household as available to spouses and the resources of parents as available to children living with parents until the children become 21.
